

Hi Renato!

Finally, here they are! All of the songs we have recorded till now.

The first CD with "Death of Eve", "See Me Aline", "Deny You", "SERENADE" and "Endless Reminder" is sold at our shows as a kind of demo-CD.

There is no booklet, because we never really intended to sell this CD, so when the people asked for it, we made a sticker which we put on the CD.

The second CD without the sticker on it ("Fall", "Wrong and Right") is a CD we don't sell. We only give this one to special people ("Fall" is also on myspace, but except for you and two of our closest friends, nobody has ever listened to "Wrong and Right" (we don't play it live...)).

The third CD is for Loren Claire. You can give it to her as a gift from you! (you know what I mean hahaha)

So, have fun and I hope you like the songs!

Take care and it would be great if we could ever meet in person and you could attend one of our live shows!

Cheers from THE LOST RIVERS

Phil
